- CMT - Stump
- CMT - Stump With Felled Log
- CMT - Worked Log

Resource Management

- Ungulate Winter Range
- Wildlife Habitat Areas
- OGMAs Approved
- BEC
- Parks (Protected Areas)
- Indian Reserves

4.6 ha -Plant spring/summer 2021 Pli80% Fdi20% at 1,700 sph with 2+0 PSB 410 stock
Reduce minimum inter-tree spacing down to 1.0m, as required, to attain target stocking standard
BEC - MSk1
Lat / Long - 49.10.12 / 120.21.01
Elevation - 1380-1460

Block 212 - Opening Id 1723763
Access: The block is accessed via the Ashnola FSR and within the Lower Similkameen Community Forest. Access to block is via truck, ATV and walk in (<200m). From the town of Keremeos (town center) drive approximately 4.3 km west on highway 3, turn left at Red Bridge onto the Ashnola Road. Continue for another 10.4 km to the end of the paved road where a 0 km board marks the start of the Ashnola FSR. Continue along the Ashnola FSR 29km. Turn right onto the Young Creek FSR. Continue approximately 6.7km and turn left onto the Young Creek Mainline. Continue 1.8km to where the road is washed out. Cross the Young Creek (S2-Stream) via ATV and continue approximately 1km to where road crosses the stream again. Walk 200m to Block 212.
