

August 17, 2020

Professional Declaration of Non-displacement of Residual Fibre:

This declaration is required for the Kamloops BCTS Business Unit (TKA).

This declaration confirms that I/We (the recipient organization) currently have the opportunity to deploy FESBC funding for increasing utilization of residual fibre on Timber Sale Licenses awarded *prior* to July 1, 2020 and that:

- I/We agree that all FESBC eligibility requirements have been met.
- In completing this declaration, we confirm the following **additional** eligibility requirements have been met with the fullest of professional due diligence:
 - This has been confirmed and agreed to by all parties who have a demonstrated history of purchasing a similar residual fibre profile and/or volume in the TKA.
 - No displacement of any portion of the residual fibre profile and/or volume will occur in the TKA through deployment of our allocation of FESBC funds.

I/We understand that false declarations may be subject to Professional review and could result in the cancelation of any FESBC funding allocations to the recipient organization.
